All Colleagues	80% Government Grant
----------------	----------------------

If required, the Company might be required to furlough colleagues due to loss of work.

Regarding furlough payments, pay will be reduced in line with any Government Furlough Scheme Grant. The Government Scheme is usually 80% of normal pay.

(The Company will consider operating a banked-hours system - to 100% pay as previously operated, for a limited period - which will be decided at the time any furlough period is implemented.)

To receive 80% of normal pay, please give your consent, below.
