

SAFER TOGETHER – SEPTEMBER 21 - KEY ISSUES

H&S / Environmental Advisor: Malcolm Mayes has recently returned to Nifco to give expert guidance on our Health & Safety and Environmental practices

Covid-19:

- Remember: masks must be worn, wash your hands, 2m space (if closer use full PPE), airflow – NUK rules remain in place
- Covid Vaccinations: you are encouraged to get your jabs and for information about getting jabs and if you have any concerns please visit the NHS website (www.nhs.uk), alternatively contact the HR Department who will provide support
- Self-isolate: if you have Covid-19 or the symptoms of Covid-19 (please get tested), and if you are not double-jabbed (or your second jab is 14 days prior to contact with a confirmed or suspected case), you must self-isolate for 10 days
- Lateral Flow Tests: it is recommended by the Government and Nifco to test yourself 2x per week
- Lateral Flow Test Kits: available from your local chemist (prior to work visits, the HR Department has a small stock of kits)
- Visits to a customer and Visitors to Site: take a lateral flow test the evening before the visit - result negative for Covid. Visitor information is available from the HR Department
- Wellbeing: response to Covid “From lockdown to relaxation of Covid Rules – Tips” – information is on the noticeboards and colleague portals, and is available from the HR Department

Fire Assembly: Factory 2 assembly points are located in the Factory 2 Car Park and please remember to wear your mask outside at the assembly points

Health & Safety Representatives: if you are interested in being a representative, information is on the noticeboards and from the HR Department
